

MEMORANDUM FOR Diane Kozlowski, Acting, Regulatory Branch Chief

SUBJECT: Addition of Chautauqua County to previously activated Emergency Regional Permit No. 99-000-1, Remediation of Storm Damage.

1. Emergency Regional Permit #99-000-1 was activated on April 8, 2005 in response to rainfall related damage received from the significantly higher than normal rainfall that occurred throughout Central and southern New York on April 2-3, 2005. This activation included the following affected counties: Broome, Cayuga, Chenango, Cortland, Madison, Onondaga, Tioga, Tompkins, Niagara and Orleans.
2. On April 19, 2005, Chautauqua County was declared by FEMA as eligible for public assistance as a result of damage incurred from the April storm event but was not added as an affected county to the activated Emergency Regional Permit at that time. On May 25, 2005, FEMA requested that Chautauqua County be added to the Regional Permit activation area.
3. Request that you immediately include Chautauqua County to the Regional Permit activation area.
4. Please indicate your approval below.
5. Fact sheet attached.
